Your exterior windows have been cleaned!

Nationwide lifetime guarantee

Windshield repair

The repair process involves the injection of special adhesives into the damaged part of the glass. The degree of success of each repair is a function of several variables. The best results are obtained when the damage is recent, the point of impact is small, the cracks around the damaged area are small, and there is no moisture or other foreign matter in the damaged area. In some cases, through no fault of the repair technician, the attempt to repair a windshield can result in the chip or crack becoming larger, and we are not responsible for such damage. If you are dissatisfied with the repair, we will credit the cost of the repair toward replacement. If your insurance company paid for the repair, the insurance company will receive the credit. We guarantee that the repaired portion of the windshield will not crack further and that the repair will pass any state vehicle inspection, or we will credit the cost of the repair toward replacement. This is your exclusive remedy in the event of a failed repair. This guarantee applies as long as you own or lease the vehicle on which the repair was made and is not transferable. There is NO MILEAGE restriction so long as you still own or lease the vehicle.

Limited warranty

Vehicle glass is warranted against defects in material or workmanship for as long as you own or lease the vehicle in which the glass is installed, so long as such defects are brought to the attention of Safelite AutoGlass® within 30 days of discovery of a defect. Any additional damage to your vehicle resulting from your delay in contacting us shall not be the responsibility of Safelite. There shall be no other guarantees or warranties, express or implied. There is NO MILEAGE restriction so long as you still own or lease the vehicle.

Exclusions

This warranty does not cover leaks or related damage in connection with installations to vehicles having damage or rust on the pinchweld. Safelite AutoGlass will use commercially reasonable efforts to advise you of the existence of such damage or rust prior to removal of existing glass; however, it is often not possible to do this because we may not discover the damage or rust until after the glass has been removed. In these cases, Safelite AutoGlass is not responsible for any associated damage, nor is Safelite responsible for the repair of the existing damage or rust. In addition, damage not involving defective workmanship or materials is expressly excluded from coverage under this warranty. IN NO EVENT SHALL SAFELITE, ITS PARENT AND/OR AFFILIATE COMPANIES, BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH THE REPAIR OR REPLACEMENT OF YOUR GLASS. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.

General

If you have a problem that, in the sole opinion of Safelite, is covered by this warranty, you may contact any of our stores or call us toll free 1-888-238-4527 and we will replace or repair the warranted product or correct the defective workmanship without charge at a mutually agreed upon time. If we are unable to do so, we will refund the original purchase price of your warranted product. In order to exercise your rights under this warranty, we will require evidence of installation by Safelite AutoGlass, such as a copy of the invoice.

Advanced Driver Assistance Systems (ADAS)

Some vehicles are equipped with advanced driver assistance systems. Where we perform a recalibration of any ADAS as part of the windshield replacement, the recalibration is guaranteed until either the next recalibration event (as determined by your vehicle manufacturer) or 12 months from the date of the replacement, whichever occurs first. There is NO MILEAGE restriction on this ADAS recalibration guarantee.
